

KREEPY KRAULY®

# WHISPERFLO® ENERGY-EFFICIENT PUMPS

## THE INDUSTRY STANDARD BY EVERY MEASURE ...

The correct pump should circulate all the water of a pool at least 4 times a day. Greater efficiency means lower running costs. The secret to greater efficiency is to minimize friction and turbulence. And less friction means also less noise. WhisperFlo features an innovative hydraulic design that moves water more efficiently and more quietly than competitive pumps. Its engineered thermoplastic housing withstands extreme heat and resists corrosion. Engineered to provide optimum performance in any size pool or pool and spa combination, WhisperFlo is built to last a lifetime, and as a result, has become the industry's top seller for years.

- WhisperFlo costs less to operate, because it delivers higher performance with lower power consumption.
- Specially-engineered design assures whisper-quiet operation.
- Oversized strainer basket extends time between cleanings.
- See-through user-friendly Cam and Ramp™ lid makes inspection fast and easy - easy to remove and quickly locks in place with a quarter-turn.

### QUIET AND EFFICIENT

The WhisperFlo pump delivers maximum circulation efficiency at the lowest operating cost, and long, trouble free life with minimal maintenance. This legendary hydraulic design has been refined over 40 years for superior performance.

### ADDITIONAL FEATURES INCLUDE:

- Advanced FunnelFlo™ diffuser and high-efficiency impeller maximize water flow and energy efficiency while minimizing turbulence and noise.
- Ideal for pool and spa combinations and for operating in-floor cleaning systems.
- Easy installation and trouble free servicing.
- Corrosion resistant, high-grade stainless steel motor shaft.
- 3-year limited warranty.

MODEL	kW	HP	VOLT	PHASE
P0104	0.55	¾	220-240V	1
P0101	0.75	1	220-240V	1
P0105	0.75	1	380-420V	3
P0102	1.10	1.5	220-240V	1
P0106	1.10	1.5	380-420V	3
P0103	1.50	2	220-240V	1
P0107	1.50	2	380-420V	3
P0109	2.20	3	220-240V	1
P0110	2.20	3	380-420V	3
